NOTES

Please note: This example will be deployed as/when/where required. If there is no deployment Product List / Grid with close space.

1

Featured Products

Provide a means of elevating relevant products associated with current category/range and visually presnet these in a separate section above the Product List/Grid.

2

Assigned Products

Capability to deploy no-more than five chosen products within the area. Less products might render slightly different, therefore guide is four to five.
